13:00	13:30	Steering Committee		SC
13.30	14.00	Summary and Outlook		All

After meeting there is a possibility to visit the new modern CTU laboratories (power engine testers with dynamometers, 4WD roller tester, transmission testers with closed and open state, electrical and hybrid transmission tester etc.) in Roztoky near to Prague. Duration of the visit will be about two and half hour.

Town Roztoky is near to the Prague airport. It is possible to go from laboratories directly to the airport.
